

Effective July 5, 2010, new indoor and outdoor smoking ban requirements are in effect. For information on the new law, please visit the below website.

<http://www.legis.wisconsin.gov/lrb/pubs/Lb/09Lb1.pdf>

As a reminder, Mount Mary's non-smoking policy states, "All buildings on campus are smoke-free. Smoking is not permitted less than 45 feet away from any building, with the exception of certain designated areas. Those areas are: the concrete aprons on either side of the front doors of Haggerty Library; the concrete table and benches outside the southeast door of Notre Dame Hall; the sidewalk leading to the woods at the northeast door of Notre Dame Hall; the west exit of Kostka Hall at the parking lot; and the linden arches of Bergstrom Hall, east of the exit at the Post Office." <http://www.mtmary.edu/pdfs/resources/firesafety.pdf>

Please watch for the new designated smoking signs which will be posted by all designated smoking areas.

Under the new law, the College is now responsible for making reasonable efforts to prohibit persons from illegally smoking on campus or else pay a fine of between \$100 - \$250 per violation. So please, help us prohibit illegal smoking on campus. Thank you.
