Would you like to work with children and families?

Are you looking for a training site that fosters hands-on learning?

If you have an interest in children and families, consider the Behavior Clinic for your practicum or internship site. This is a wonderful opportunity for graduate students looking for experiences with young children and families. In addition, you will receive excellent training providing in-home therapy in the exciting field of pediatric mental health.

Behavior Clinic
Training Opportunities for Graduate Students

The Behavior Clinic is a community outreach program of the Department of Counseling and Educational Psychology, College of Education, Marquette University.
The Behavior Clinic is accepting applications for clinical practicum experiences.

Purpose of the Behavior Clinic
To provide in-home, pediatric mental health services to low-income, urban families with young children with emotional and behavioral problems.

Referral Concerns & Diagnoses
- Severe temper tantrums
- Oppositional behaviors
- Aggression towards others
- Hyperactivity
- Self-harm behaviors
- Oppositional Defiant Disorder
- Separation Anxiety Disorder
- Attention Deficit Disorder
- Anxiety Disorder
- Conduct Disorder

Families
- 95% of clinic families live below the poverty level.
- The majority of families are headed by single mothers.

Clinical Services
- Clinic staff conduct a comprehensive intake evaluation of the child and implement a treatment program designed to help parents and other caregivers (including grandparents and foster parents) manage the child's challenging behaviors.
- The clinic uses a cognitive-behavioral family therapy model that is tailored to meet the unique needs of the child and family.
- Treatment sessions are conducted in families' homes.
- Clinic staff also provide consultation services to teachers, daycare providers and early intervention specialists working with the child and family.

Hours
- Treatment sessions are arranged between the hours of 8:00am and 5:30pm, Monday through Friday, based on the family's and clinician's schedules.
- Student training seminars and group supervision occur on Tuesdays, with individual supervision provided throughout the week.

Time Commitment
A minimum, two-semester time commitment of 20 hours a week.

Training and Supervision
Graduate students receive extensive training in the clinic's procedures and weekly individual and group supervision.

Who may apply?
Students currently enrolled in graduate programs in psychology, counseling, or a closely related field.
