# The Research Process

Your Topic
Choose and narrow your topic by experimenting with different search term combinations.
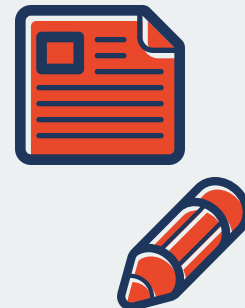

STEP 01

STEP 02

Your Thesis
Your opening statement that summarizes your paper's aims.
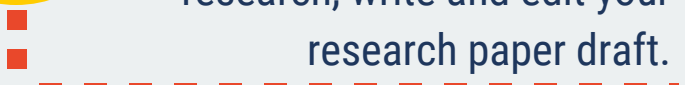

Your Sources
Gather articles, books, and video resources to help support your thesis.

STEP 03

STEP 04

Write and Edit
As you wind down your research, write and edit your research paper draft.

Citing Sources
Create your reference page and deliver your final product. Then celebrate!

STEP 05

Haggerty Library | Mount Mary University
