Comments: Include any suggestions for improvements in the experiences you have rated moderately (C) or very unsatisfactory (D).

Based on your practicum/internship experience, select one of the following statements:

- I wholeheartedly recommend this site for future students.

- I recommend this site for future students.

X I recommend this site, with reservations, for future students.

- I do not recommend this site for future students.

Explain your statement.

This site has you work exclusively with people with Autism Spectrum Disorder and other developmental disabilities either in their homes or their communities. Each client session lasts a minimum of 2 hours. You work as a mentor rather than a therapist and there is no initiation or training process when you start. You work independently with little support outside of supervision. You must create your own structure for this site.

If you are looking for a more "typical" internship experience, this is not for you.
