Comments: Include any suggestions for improvements in the experiences you have rated moderately (C) or very unsatisfactory (D).

The team of therapists at Ozaukee County are so talented and all have unique strengths and abilities. I rated the use of staff presentations/case conferences/staff development workshops moderately low. Due to the variety of unique competencies among the staff at Ozaukee County, I believe I could have further benefited from greater exposure to some of these areas. For instance, it may be beneficial for staff to provide a short
presentation during staffing following participation in a new training (EMDR, TF-CBT, yoga). These opportunities could have provided me with a better understanding of how alternative methods can be utilized in counseling.

Based on your practicum/internship experience, select one of the following statements:

_x__ I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

I have had a wonderful internship experience with Ozaukee County. During this internship, I had the opportunity to work with individuals from several different age groups, with a wide range of presentations and symptoms, and with unique backgrounds. I gained experience in providing individual, group, and family therapy. Because of the wide variety of opportunity offered through this internship placement, I feel as though I am prepared to pursue a career in a variety of different settings following graduation. The team of clinicians at Ozaukee County are always willing and available to answer questions and provide support. In addition, the supervisory experience is wonderful. Paul really desired for me to grow during my internship and provided the necessary supervision, education, and support to do so.
