I feel it is important interns are given the policies right away, we did not receive the policies until halfway through internship. Also I feel there should be separate intern policies versus using strictly full-time staff policies. I am very glad the site is working toward having a full time clinical supervisor on staff because I felt previous supervision was not sufficient.

There is no free parking so you are expected to pay each time you are at the site. Over the course of the year this can be close to $1600 dollars. This site only treats AODA related issues, while most clients have comorbid issues, you can only treatment plan for AODA related issues. The site is currently working toward being a dual diagnosis facility.
