Based on your practicum/internship experience, select one of the following statements:

___ I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

___X___ This was an ideal site for me but not a site I recommend for other students.

Explain your statement.

This site was optimal for my professional goals and my development as a clinician. I was afforded access to high caliber, though non-traditional, supervision from a team of providers. My growth in the area of understanding the medical implications and applications of addictions work was an unexpected feature of the site which was heavy with trauma work. I was afforded the opportunity to engage in a wide array of clinical services including group work, individual work; family work, initial assessments, discharge planning, and more. However, this site is a very unique one that is not well-suited to the typical student.
