I was a summer intern at the Career Center. Didn't get a chance to do individual counseling which is needed in career counseling. But because it was summer it was difficult. Maybe if during Student Registration Days an intern gets a chance to do individual counseling that would be great. Or doing one-on-one counseling with Alums during an Alumni Workshop would be good too. I did do individual counseling, however it wasn't a lot to gain meaningful insight through.

Based on your practicum/internship experience, select one of the following statements:

[ ] I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

Advising and Career Development is a great site. Mount Mary College is a wonderful place to intern. There was a lot of flexibility and I got a chance to develop my strengths. The only one thing I would say is to me it felt lot like that people didn't put much faith in my counseling skills. I am not saying it wasn't a supportive environment. It really was, everyone in the center helped me. I learned a lot from Kirsten. But I felt like I couldn't make a great connection. But it is a great site.
