Comments: Include any suggestions for improvements in the experiences you have rated moderately (C) or very unsatisfactory (D).

Nothing was unsatisfactory. The only experience I did not have was the opportunity to observe or facilitate a formal assessment. The site does not use many assessment tools besides informal such as intake interviews. The site uses psychosocial results from other providers at times. It would be interesting to observe a formal assessment.

Based on your practicum/internship experience, select one of the following statements:

X I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

I gained invaluable experience at this site. I was allowed room to create my own style and provided support all the time. Supervision is extensive and the site uses a team approach. I was able to interact with a wide variety of clients and colleagues. This is probably the best site available for a beginning therapist.
