It might be helpful to emphasize the intern's role in trauma situations in the beginning of training since MMU emphasizes a trauma-informed approach.

Based on your practicum/internship experience, select one of the following statements:

X I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

Dr. Jacobi is a warm, knowledgeable supervisor who truly cares about the intern's development and having a quality experience. The intern is given respect by the treatment team, and will participate in a variety of behavior specialist, experiential therapy, and therapist activities when ready and motivated. This environment is excellent for those interested in using a CBT/ERP approach to treating OCD and anxiety with children and adolescents.
