Based on your practicum/internship experience, select one of the following statements:

X I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

I had a really good experience at Catholic Charities. The support that I received from staff, colleagues and supervisor was incredible. From the very first step, I felt part of the team and in no way did I feel like an "outsider." Throughout my time with Catholic Charities, I came across a diverse clientele (i.e. age, gender, socioeconomic status, etc). I was exposed to many mental health concerns: depression, anxiety, bipolar, grief, and trauma.

If you are interested in AODA, I would not recommend this internship site as CC is not licensed to treat clients with a primary diagnosis of a substance abuse / drug disorder, however, CC can provide mental health treatment (co-occurring disorders). I had a few clients with substance abuse issues but they were referred to receive treatment elsewhere.

Overall, Catholic Charities was a place I never dread going to. The clients and colleagues made my experience amazing for my personal and professional growth.
