Family counseling was something that appeared very accessible to the interns, but coordination of opportunities was poor. Perhaps more oversight from the supervisor and/or earlier individual therapy opportunities for the intern position would be helpful.

Based on your practicum/internship experience, select one of the following statements:

___ I wholeheartedly recommend this site for future students.

X I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

This site is a great opportunity for individuals looking to work with this population and/or in the residential setting. Future students should be aware that having your own clients will be a slower process here, compared to other sites. Supervision is what you make of it, and future students need to be ok asking for their educational needs.
