There was change in management while in the midst of my internship experience and the new management was not made aware that I was an intern until recently. I'm sure this would not happen in the future so long as there aren't any abrupt changes in management.
Based on your practicum/internship experience, select one of the following statements:

☑️ I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

Overall, my internship experience was phenomenal. I've learned a great deal and have grown as a counselor exponentially due to my experience at this internship site. I strongly believe that any future students would have a similar experience as I did at this site and encourage Mount Mary faculty to work more closely with Rogers Behavioral Health in the future.
