Comments:

Again supervised never reviewed by supervisor. Though never reviewed by supervisor.

I planned/recruited for groups. Not prepared - never discussed.

Poor supervision, atmosphere.

Relationship.
**Comments:** Include any suggestions for improvements in the experiences you have rated moderately (C) or very unsatisfactory (D).

The atmosphere was toxic to work in. All staff were rude, cold, and seemed “put out” to help interns. This attitude needs improvement. Supervision was a struggle. We never knew when it was happening or when it did. It felt uncomfortable at times. The site did not like interns communicating with their university professors or got upset if they did. Never once asked how we were doing or comfort level with things. Owners saw clients back to back all day and had no time to talk. Also, they seemed like they wanted interns for free劳动.

Based on your practicum/internship experience, select one of the following statements:

- [ ] I wholeheartedly recommend this site for future students.
- [ ] I recommend this site for future students.
- [ ] I recommend this site, with reservations, for future students.
- [x] I do not recommend this site for future students.

Explain your statement.

I think the owners are more focused on running a business than on being good therapists. They seem too busy for effectively supervising interns. This site burned me out. Would highly not recommend. Many ethical issues at this site, as well.
