Based on your practicum/internship experience, select one of the following statements:

- I wholeheartedly recommend this site for future students.

- I recommend this site for future students.

- I recommend this site, with reservations, for future students.

- I do not recommend this site for future students.

Explain your statement.

I checked both boxes because this site may be very intense for some students and not be a good fit due to the nature of the setting/serious of illness/psychosis/manic outbursts. However, this is a good fit for someone who wants exposure to every major mental illness/addiction/trauma.
