Comments: Include any suggestions for improvements in the experiences you have rated moderately (C) or very unsatisfactory (D).

Student interns do not have their own office/case load and therefore would have to work out of other counselors' offices or in the group room. It would be nice going forward to provide office space for interns to chart in.
Based on your practicum/internship experience, select one of the following statements:

___ I wholeheartedly recommend this site for future students.

X I recommend this site for future students.

___ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement. I gained the experience I needed to be an effective counselor and received extensive knowledge of DBT theory. I do not wholeheartedly recommend this site because the experience is not for everyone. This site would be a good fit for those who can advocate for their needs, like working with children and adolescents with high acuity, are able to work closely and collaboratively with a team, and don't mind not having an individual case load/working with direct supervision.
