None

The only reason I put a "B" and not an "A" for appropriate space was because it was somewhat tricky in the beginning to navigate sharing office space with therapists having sessions, meetings, and phone calls. It was fairly easy to rearrange my schedule to work around everyone's schedule. It was nice to have the playroom too to go with kids when office space wasn't available. Other therapists were also open to sharing their offices as well if they weren't busy with meetings or phone calls.

Based on your practicum/internship experience, select one of the following statements:

☐ I wholeheartedly recommend this site for future students.
☐ I recommend this site for future students.
☐ I recommend this site, with reservations, for future students.
☐ I do not recommend this site for future students.

Explain your statement.

This is such a great site to practice individual counseling skills. Interns are encouraged to grow and take on new experiences as they feel comfortable. Collaboration & communication are two very important aspects at this site, and that definitely prepares interns for future endeavors. The kids are totally what brings the warmth & spirit here - they're so great to work with. I appreciated therapy staff wholeheartedly as well.
This site also provides a lot of opportunity for an advocacy/social justice role, which is such an important piece of counseling. That being said, this site allows for you to have a voice and use it to speak for the clients who don't really have a voice.
