- The supervisor needs to learn how to interact with employees and interns. She needs to stop walking in when she sees her colleagues at their desks all day long.
- She needs to learn how to be more direct and learn how to communicate the past and present.
- The program needs to be evaluated so they can see what they are supporting and change their mission to match what they are currently doing.

Based on your practicum/internship experience, select one of the following statements:

___ I wholeheartedly recommend this site for future students.

___ I recommend this site for future students.

☑️ I recommend this site, with reservations, for future students.

___ I do not recommend this site for future students.

Explain your statement.

I recommend this site, with reservations, for future students because of the locale of community and expectations of the supervisor. I also have reservations because I don't understand the mission of the organization and I think that it's lost. I recommend this site because of the exposure with adolescents, legal system, and mental health issues.
